

Pelbagai jenis die cast presisi khas China Fabricate

Produk	<a href="#">zink die casting manufacturer</a> , aluminium cast manufactory, pembekal coran logam, zink aloi die casting part, oem carbon steel die casting part, aluminium die casting parts
Bahan	Aluminium ADC12, A380 dan lain-lain
Dimensi	Mengikut lukisan pelanggan
Rawatan permukaan	Rawatan haba, polishing, salutan serbuk, galvanized, electroplating, penyemburan, dan lukisan dan sebagainya
Pembungkusan	Kotak kayu, atau mengikut kehendak pelanggan
Peralatan pemprosesan	Pusat pemesinan CNC, mesin pengisaran, mesin penggilingan, mesin penggerudian, mesin penggilingan mendatar, mesin chamfering, mesin pemotong CNC dan sebagainya.
Ukur peralatan	Penguji kekerasan, plag ketepatan kepersisan, blok tolak, mikrometer luar digital, mikrometer luar, caliper digital, dalam mikrometer, penunjuk dail dalam, dail vernier caliper, penunjuk dail, caliper vernier kedalaman dan sebagainya
MOQ	boleh dirunding
Ketepatan / Toleransi	+/- 0.01mm
Pembayaran	T / T 50% deposit terlebih dahulu, 50% T / T sebelum penghantaran atau lain-lain.
Skop perniagaan	CNC machining center, aluminium cast manufactory, cnc turning, grinding, tapping, design cetakan dan pemprosesan, pemutus, lembaran kerja mental dll
Permohonan	Mesin automasi, peranti perubatan, mesin industri, kereta, perkakas elektrik, dan industri lain, bahagian-bahagian aluminium die casting, bahagian auto
Pelabuhan	ShenZhen China
Penghantaran	20-25 hari selepas deposit T / T 50%
Peralatan utama	<a href="#">pembekal casting logam</a>
1.Name: Pelbagai adat die cast bahagian China Fabricate	
2.Proses: Aluminium die cast, cnc machining Various custom precision die cast parts China Fabricate	
3.Material: Aluminium ADC12, A380 dll	
4.Surface: Penggilap, serbuk bersalut, anodized, penyaduran nikel, kromat dan lain-lain	
5.Tolerance: boleh mencapai +/- 0.01mm	
6. Kawalan kualiti: 100% diperiksa	
7.Specification: OEM serice, ketat per lukisan dan sampel	
8. Sampel masa penghantaran: 25-30 hari, bagi setiap produk.	
9. Permohonan: aluminium die casting parts, aksesori perlombongan, mesin accessoried, auto parts etc.	
10. Pelanggan: USA, Canada, Austrial, EU dll.	
11. Persijilan: ISO 9001	
<a href="#">Kelebihan kami</a>	
1. 10 tahun pengalaman dengan ISO yang disahkan	
2. Semua jenis bahan boleh didapati	
3. Selesaikan penyempurnaan yang pasti	
4. Berkualiti tinggi dengan harga yang kompetitif	
5. Masa penghantaran cepat	
6. Sampel yang tersedia	
7. Mempunyai pengalaman eksport ke seluruh dunia	
<a href="#">perkhidmatan kami</a>	
Aluminium die casting parts sample: Boleh membekalkan ujian	
Aluminium die casting parts packing: Standard packing	
Aluminium die casting parts certification: ISO9001	
Aluminium die casting parts quality: kawalan kualiti yang ketat	
Aluminium die casting parts OEM adalah dialu-alukan	

**Customized various shapes**

**Professional design**

WELCOME TO OUR COMPANY

# CUSTOMER'S FEEDBACK

Hi Naky,

I have got the parts.  
For T1 injection, the parts looks very good!  
I was able make an assembly, it functionsvery well.

I already saw few element which must be fixed.  
I will deliver you full report when I will finish the tests-It will take some timesince I have a lot of tests to do.

I would like to thank you and all XY team for the cooperation and the attention.

Hi Ivy,

Time flies too fast!

Best wishes to all your family and friends.

So sorry for not responding to Naky's email. your projects with us have been great!  
Our testing has gones well because the parts you gave us were great quality.

Thanks for all your support,

Joel

Dear Naky,

We are very happy with the last shipment. Everything is perfect.  
We donot have any inquiries currently.

Thanks.

Hi Nancy,

Yes, many thanks for the samples Nancy. The products and quality are really nice.We will keep the products as a reference and present to our clients in the future.  
Hopefully we can work on some more products types together soon.

Many thanks,  
Helga

Dear Jack,

I got a feedback of our engineer that metal [arts 12000008 are almost ok but the thread's surface could and should be smoother. The goods really have a good quality but please try to improve the material's surface inside the thread.

Our engineer suggested to change the mixture of your drilling fluid.  
I hope this could help. so that we can receive "not only" good parts but perfect ones in the future.

Thanks.
