

PRODUCT RANGE	Automated Test Equipment (Shape And Size According To Customer Requirements)
DESIGNING	2D/3D Drawing And Size And R&D R&D R&D R&D
PRODUCTION	100% AQL QC Assurance, Strictly For Drawing And Design
APPROVAL	2D/3D Drawing, Mechanical Components, Communication Protocols, Lighting Protocols, Electrical Protocols, For Almost Any Industry And Application Needs
MANUFACTURING	100% AQL QC Assurance
NEW DEVELOPMENT	2D/3D Drawing, Mechanical Components, Communication Protocols, Lighting Protocols, Electrical Protocols, For Almost Any Industry And Application Needs
LEAD TIME	Designing: 3-5 working days, New production: 20-30 working days, However, We Can Adjust The Leadtime If Need
PACKAGING	100% In Accordance With Customer Requirements, 100% In Accordance With Customer Requirements
DELIVERY	100% In Accordance With Customer Requirements, 100% In Accordance With Customer Requirements
