

Die casting mechanical components for industrial electronics

product	<a href="#">Zinc alloy die casting</a> , <a href="#">Aluminum alloy die casting</a> , <a href="#">Magnesium die casting assembly</a> , OEM die castings, ...etc.
material	Aluminum alloy ADC12, A380, etc...
size	According to the drawings
Finish	Heat treatment, polishing, Anodizing, powder, galvanizing, electroplating, spraying, etc.
package	Carton
Processing Equipment	CNC machine tools, grinding machines, CNC milling machines, drilling machines, horizontal milling machines, chamfering machines, CNC cutting machines, etc.
measuring equipment	Hardness tester, precision plug gauge, instrument, digital diameter micrometer, outer diameter micrometer, digital caliper, inner diameter micrometer, vernier caliper, dial indicator, altimeter, coordinate measuring machine, etc.
MOQ	According to customer requirements
Accuracy/tolerance	±0.01mm
payment terms	T / T 50% deposit, 50% balance before shipment.
Business Scope	CNC machining, CNC turning, CNC drilling, CNC milling, grinding machines, milling, mold design and machining, casting, sheet metal processing, etc.
application	Automation equipment, medical equipment, industrial machinery, electrical appliances, CNC machining parts, auto parts, etc.
port	Shenzhen, China
delivery time	30 working days after receiving the deposit.
Major equipment	Die Casting Machine
1. Product Name: Professional custom die casting	
2. Process: Die Casting	
3. Material: Aluminum alloy ADC12, A380, etc.	
4. Finish: polishing, powder, anodizing, nickel plating, chromate, etc.	
5. Tolerance: minimum ± 0.01mm	
6. QC: 100% check	
7. Detail: Precision machining according to drawings or samples.	
8. Sample delivery time: 25 to 30 working days	
9. Scope: CNC machining parts, industrial and mineral parts, mechanical parts, industrial parts, auto parts, etc.	
10. Customers: USA, Canada, Australia, EU, ..., etc.	
11. Quality System and Certification: ISO 9001	
<a href="#">Our advantage</a>	
1. 10 years of ISO certification experience	
2. Various materials	
3. High material utilization rate	
4. High quality and competitive price	
5. Short time	
6. Provide samples in time	
7. Rich export trade experience	
<a href="#">our service</a>	
Die castings and samples: on time delivery	
Die Casting Packaging: Carton Packaging	
Die casting certification: ISO9001	

Die Casting QC: 100% Inspection  
OEM die castings have been accepted.
